

SAVE TIME, SAVE MONEY, AT YOUR CAR WASH EVERYDAY

**WE CLEAN & WASH OFF
FALSE CAR DAMAGE
CLAIMS!**

WE GOT YOU COVERED!

We specialize in the Car Wash industry and are ready to assist you in developing your Car Wash wherever your business plan may lead you.

We are a national company with projects throughout North America and strategic integration partners worldwide.

DO NOT BECOME A VICTIM OF MURPHY'S LAW

We keep your safety up and running and your Car Wash protected.

- 24/7/365 System Health Monitoring.
- Unlimited remote support, coaching and training.
- Field Service Ticket Management.
- We takeover, upgrade as needed and service systems installed by others.

A TEAM OF PROFESSIONALS WHO KNOW CAR WASHES

We help you choose the right surveillance system for your operations and budget from major brands.

From full system engineering to project deployment, onboarding and ongoing support, our team will cater to your business every year, providing you with a consistent, stress-free experience, every time, everywhere.

LET SURVEILLANCE WORK FOR YOU!

Cameras and surveillance can do a lot more for your Car Wash, than just protect against fraudulent car damage claims.

We help you build a true management tool based on AI, video technology, enhanced security features and business intelligence for operational excellence.

FOCUS ON GROWING YOUR BUSINESS

WE TAKE CARE OF LOSS PREVENTION, SECURITY AND HELP YOU BUILD A POSITIVE BUSINESS CULTURE

SMART SECURITY MONITORING

- **AI Fence with Audio Voice Down**
Keep intruders, vandals, and trespassers off your Car Wash.

- **Burglar Alarm Event Verification**
Sleep peacefully! **EYESON** will receive the alarm calls from your provider, log into your cameras and assess the situation, calling the police and your team, If necessary.

- **AI Indoor Intrusion Detection with Audio Response**
Put an end to traditional burglar alarms. Your cameras and speakers can protect your business.

Convert your traditional burglar alarm system into a Car Wash environment!

OUR TRUSTED PARTNERS

We work with major surveillance & security manufacturers, integrated to our MyEyeson BI and LP Portal and we help you select the right combination of image resolution and AI based business intelligence features, for your Car Wash.

Our network of Eyeson Integration Partners (EIPs) across North America deploys and service your Car Wash locally, in close coordination with our project management and onboarding teams.

Monitoring partners, staffed by professional security operators, evaluate and respond to alarm events such as intrusion, loitering, vandalism, and break-ins attempts.
